## **EXPRESSION OF GRATITUDE**

We acknowledge that it is purely by the grace of the Supreme Lord that our Gurukulam—established in the year 2000 as a mark of the new millennium under the guidance of our revered Guru "Vedantha Choodamani" Brahmasri Gullapalli Seetharamachandra Ghanapathi garu and with the encouragement of many Veda enthusiasts—has received the blessings of many Jagadgurus and the admiration of renowned scholars and spiritual leaders.

Over these twenty-five years, our Gurukulam has combined study and teaching with good conduct and righteous rituals. Many mantra recitations, Vedic programs for world peace and the welfare of donors, discourses by spiritual leaders, felicitations of Veda and Shastra scholars, and numerous Vedic conferences have taken place.

We humbly state that it is only through the complete support of many devout Veda enthusiasts that we have been able to successfully conduct numerous spiritual programs, especially during this Silver Jubilee year, such as the Sampurna Ghana Parayanam, Veda Saptaham, and discourses on the Ramayana.

Many salutations to all the esteemed teachers who have contributed to the Gurukulam's development over these 25 years. We pray to the Veda Purusha that the affection and encouragement of you all will always remain with our Gurukulam in this same manner.

We request you to consider his felicitation as a form of worship to Veda Mata and make it a grand success.
